

FLOW SAFE EQUIPMENT CC

TANK INSPECTION EQUIPMENT

A range of Dipping and Water Finding Pastes are available as well as Dip Tapes and Dip Sticks.

<p>Dipping Paste, also known as Ullage Paste. Indicates depth of product in a tank by a mark in the paste.</p>	
	<p>Water Finder Paste allows indication of water level by a change in colour of the paste</p>
<p>Dipping Tapes allow for easy measurement of tanks. Available in different lengths and materials. Etched graduations for long life</p>	
	<p>Dip Sticks for various applications in the petro-chemical and food industry</p>
