

# FLOW SAFE EQUIPMENT CC

## POWER TAKE OFF's (PTO) & HYDRAULIC SYSTEMS

A range of PTO units, as well as commonly known hydraulic pumps and motors are available for most truck applications.

<p>Hi-torque PTO units are available for applications requiring high power, i.e. compressor drive systems on bulk tankers.</p>	
<p>Clutch PTO unit</p>	
<p>Hydraulic systems can be designed for most applications. The system shown incorporates the Drum Hydrapak hydraulic oil cooler</p>	
<p>Hydraulic Bent Axis Piston Pump</p>	
<p>Hydraulic Gear Pump</p>
